## MEETING FACILITIES

Located on the hotel's ground floor, the function and gathering rooms are tucked away from the lobby and other areas of activity. Each room offers not only natural sunlight and views of the Hotel's lush gardens and courtyards, but also opens up directly to the Pool and Veranda.

## CATERING

Whether your event calls for formal dinner service, refreshment breaks, or anything in between, exquisitely tailored menus will meet your needs. All catering is provided through Hotel Granduca, featuring the same unique flavors of Northern Italian cuisine experienced in the award-winning Ristorante Cavour.

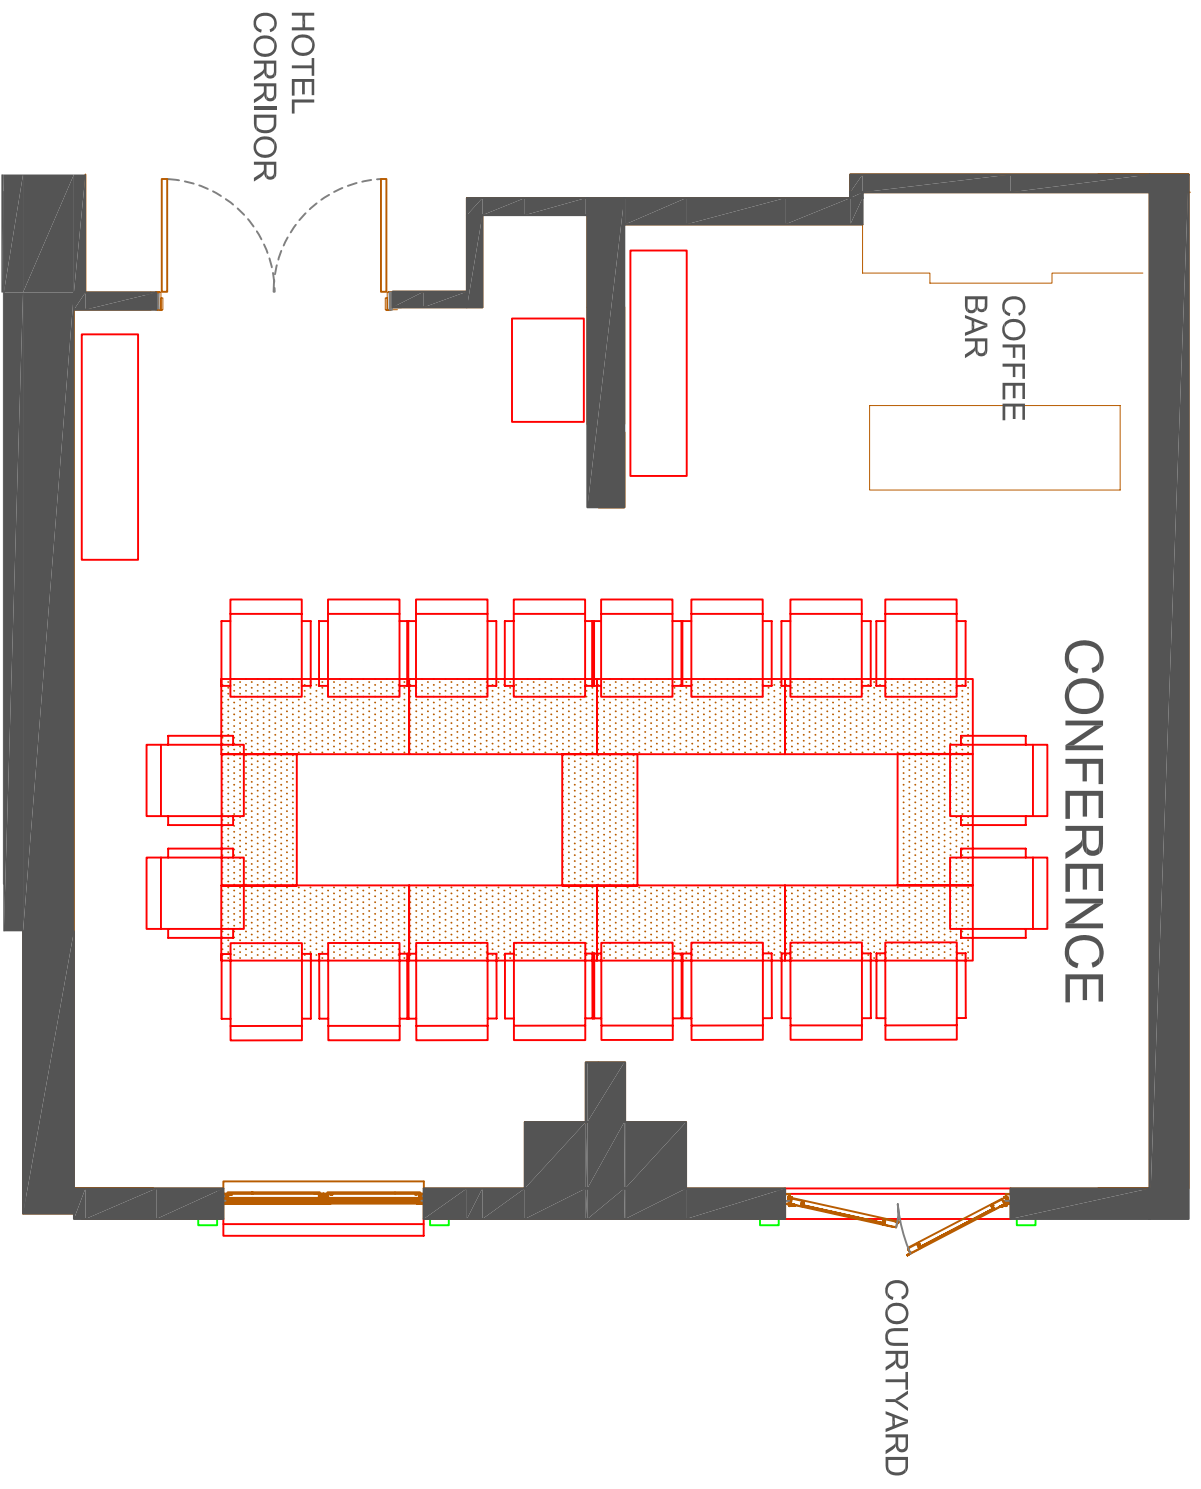

## AUDIO VISUAL

Hotel Granduca offers a complete selection of state-of-the-art technology for your corporate or social function. In addition to standard Audio Visual equipment, each of our boardrooms features built-in plasma HDTV monitors so presentations are delivered with ease. Complimentary seamless high-speed wireless Internet access is also available in each meeting facility.
